

ICOMB Global Scholarship Fund Report from Scholarship Recipient

The purpose of the ICOMB Global Scholarship Fund is to grow leaders for Mennonite Brethren Churches around the world, not only in biblical and theological studies, but also in education, medicine, business and other professions. The expectation is that the student will enter a program of study which eventually leads to the completion of a program, even though the degree may not be acquired immediately. Study for credit is expected for scholarship recipients.

A strong link between the student, the scholarship program and the National Conference is desired. Please submit this report by January 31 to your Conference Correspondent for ICOMB Scholarships.

Name _____ Date _____

1. Year _____ Semester _____

2. School _____

3. Attach a transcript which includes your grades, the courses you are currently enrolled in and the number of units/hours for each.
